

“UNPARALLELED PERFORMANCE AND SAFETY UNDER PRESSURE!”®

A MESSAGE ABOUT THE CORONAVIRUS (COVID-19)

March 17, 2020

The developing events of the last few weeks around the globe have caused disruptions across the supply chain. Like the rest of the world, we at Airmo, Incorporated are reacting to and managing the developments of the Coronavirus (COVID-19) as they unfold.

We continue to protect the health and safety of our workforce, suppliers, friends, family, and neighbors during the coronavirus (COVID-19) outbreak. Airmo employees are encouraged to report any contact with someone testing positive for COVID-19 or experiencing symptoms of COVID-19 to their local health facilities immediately.

In the cases of exposure or symptoms, we will direct employees to self-quarantine. In addition to the reporting requirements above, Airmo requires all employees and visitors to stay home when sick. We also encourage our employees to wash their hands frequently, wipe down surfaces, avoid touching their face, and other good hygiene practices as guided by the Centers for Disease Control (CDC).

Currently, we are positioned to handle these types of events while assisting you, our customers, as you now navigate your own operational and supply chain challenges. We are remaining flexible in our ability to meet your urgent manufacturing needs as demands rise in the coming weeks. However, our top priority will continue to be the health and well-being of our employees and customers, while our facility will continue to operate as normal.

Like other responsibly-minded businesses, Airmo is closely monitoring updates and information from the Centers for Disease Control (CDC), the World Health Organization, and state health departments to guide thoughtful safety measures in our facility.

Airmo will remain operational, but we are currently limiting employee travel and customer visits at this time in full accordance with CDC recommendations.

Thank you for supporting the health and safety of our employees, friends, family, and yours.

Airmo, Incorporated
Harry Morán

Chief Executive Officer
